Jenna wanted to find all the letters of the alphabet, so one day, Jenna went all the way to Alphabet World.

Jenna got to travel in an
Aeroplane,

a big blue **B**us

and even a
multi-coloured

Car - it was lots of fun!

A B C

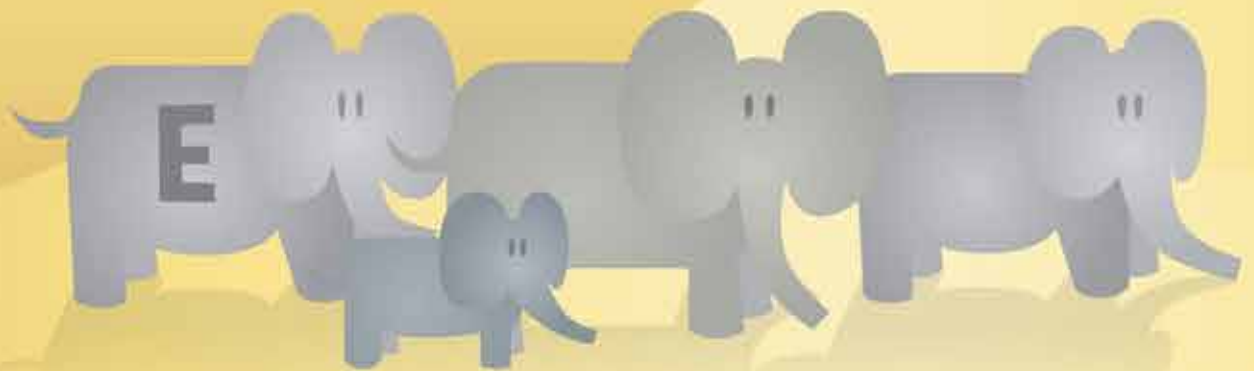

Do you know what letter comes after 'C'?

The first place Jenna went to was a desert.

The word

Desert

starts with the letter 'D'. It was baking hot!

There was a herd of

Elephants

in the distance.

Under a rock was a fat

Frog

who was trying to
hide from the hot sun.

DEF

Do you know what letter comes after 'F'?

Jenna felt too hot in the desert and needed to cool down, so Jenna went to the coldest part of Alphabet World.

It was very chilly. Brrrrrrr!
Jenna put on some red

Gloves.

Five

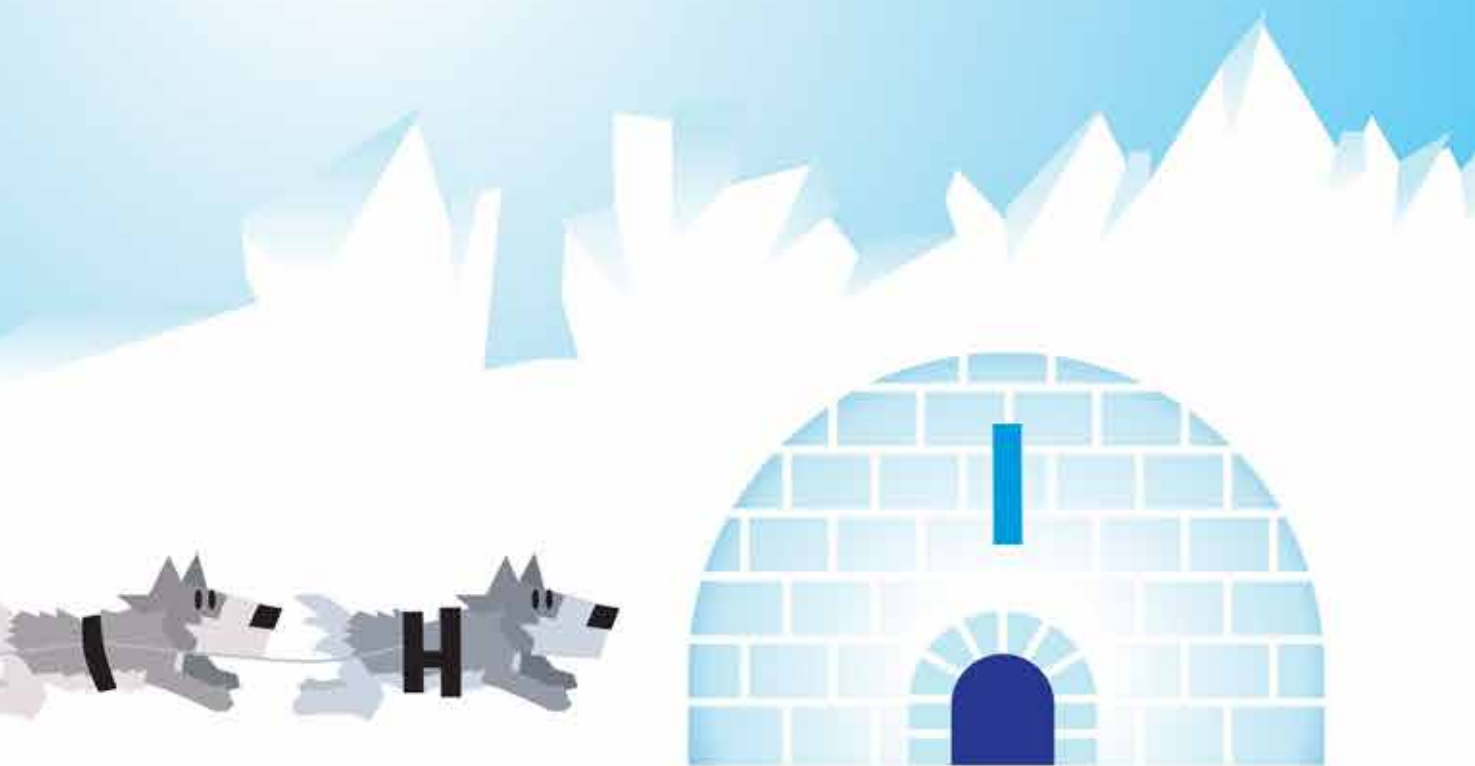

Huskies

pulled Jenna in a big, red sleigh to an icy Igloo.

Inside the

Igloo

was a magical doorway...

GHI

Do you know what letter comes after 'I'?

The magical doorway
led to a
Jungle.

A monkey gave Jenna
a big, golden

Key.

**“Open the treasure box
and you will find the next
letter of the alphabet,”**

said the monkey.

So Jenna unlocked
the box and inside
was a

Lollipop!

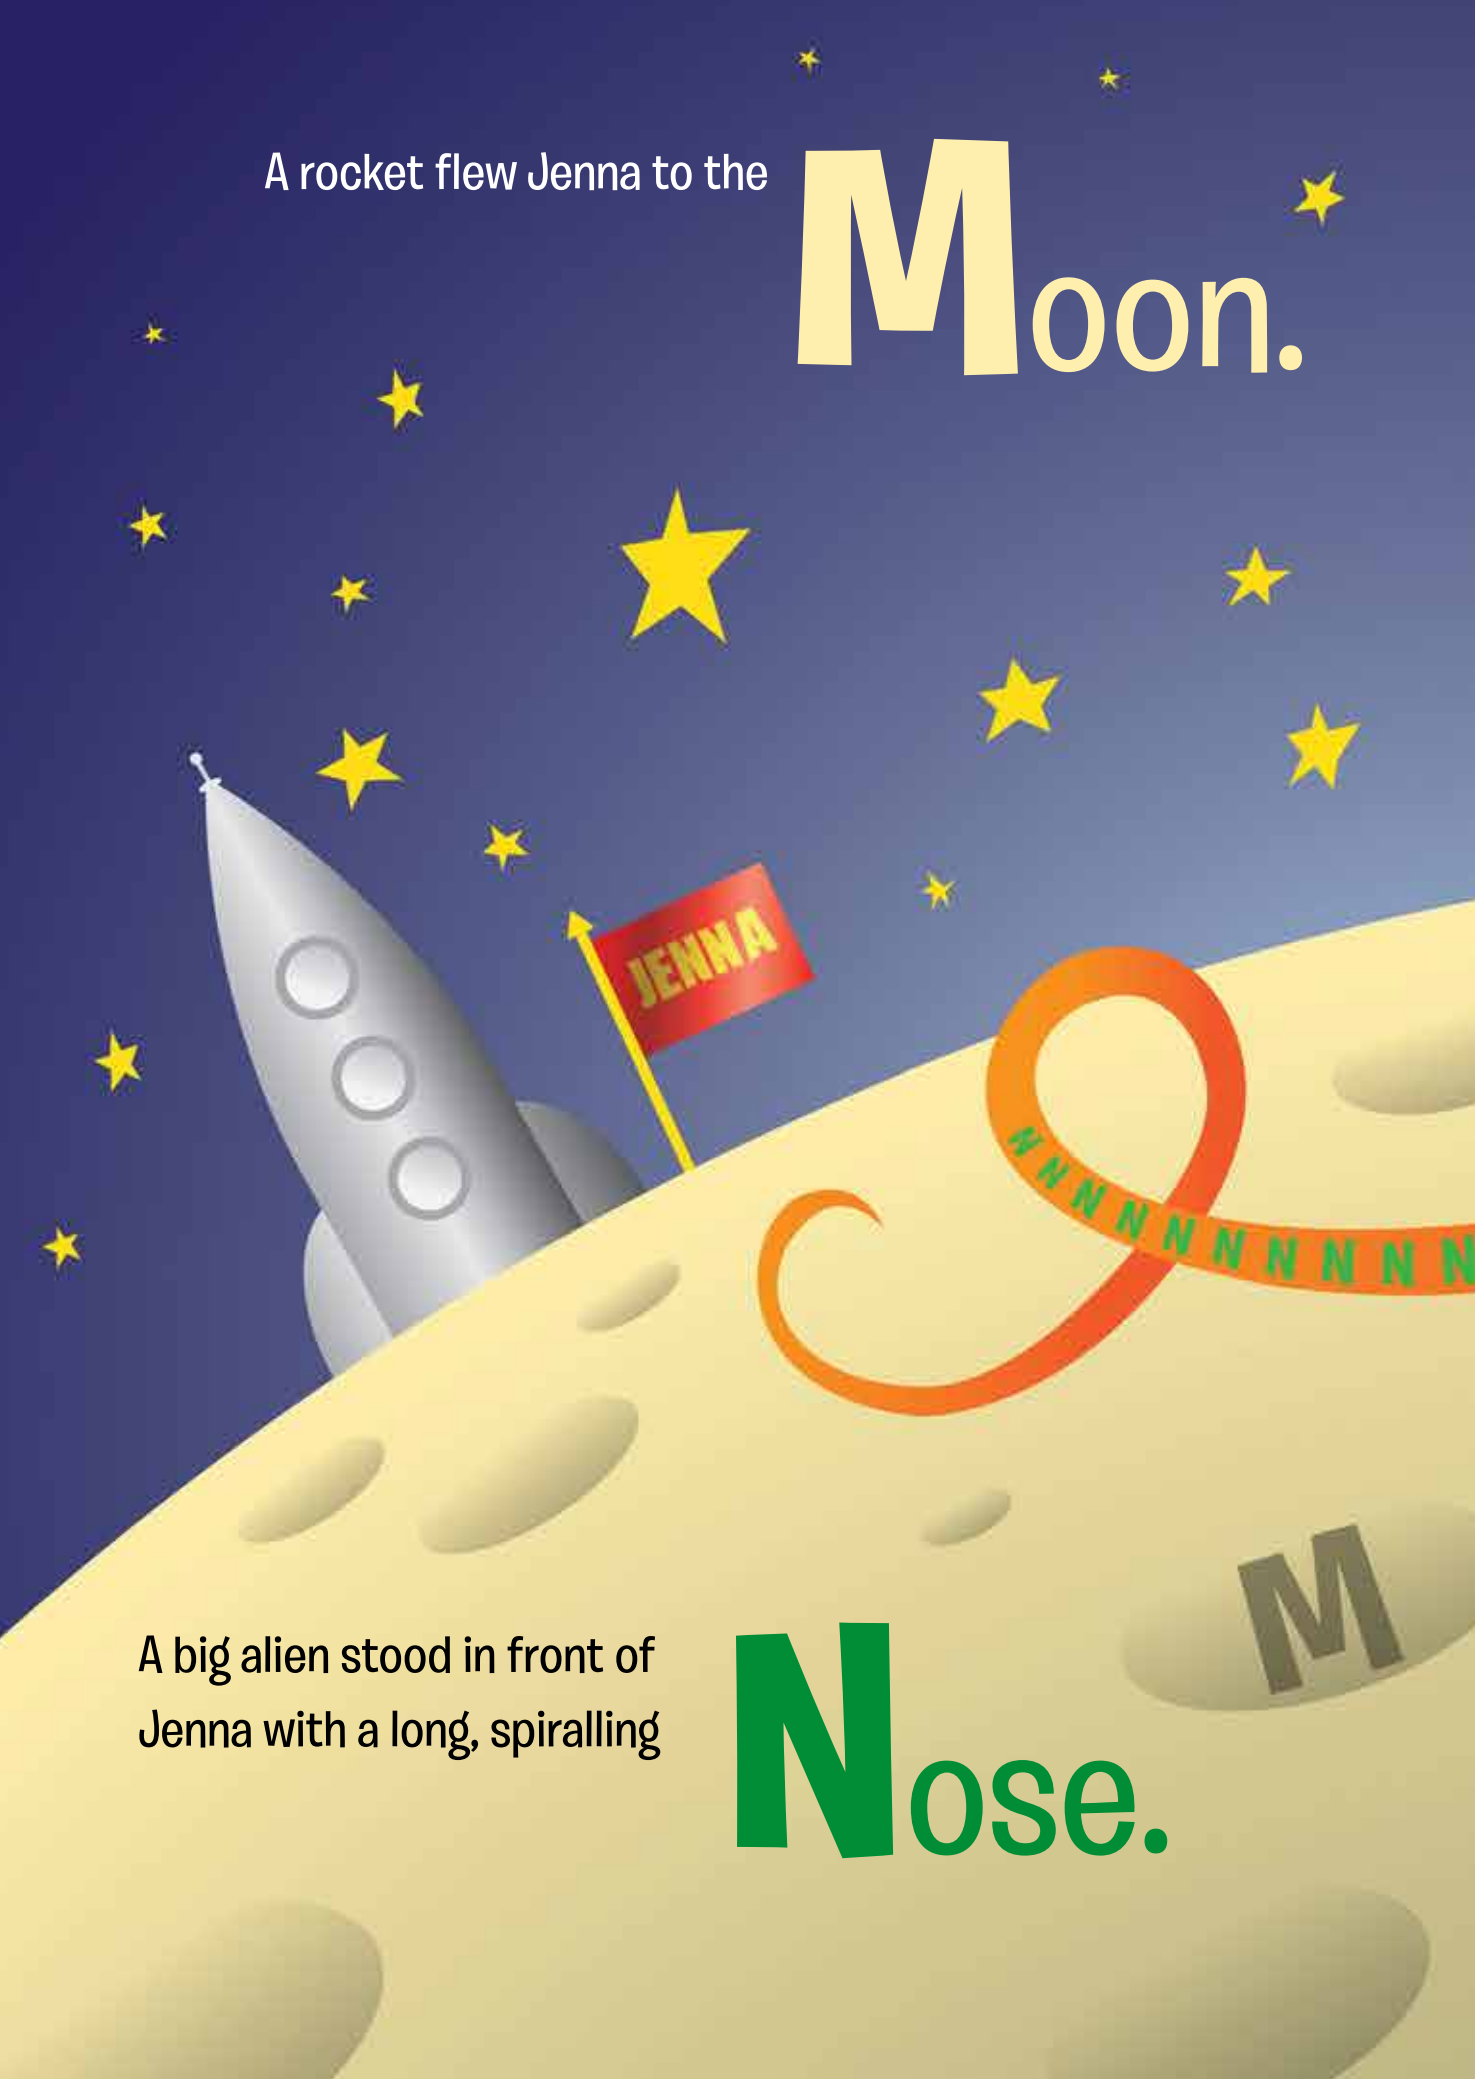

While licking the lollipop, Jenna looked up at the moon
and thought, "I'll go there next."

J K L

What is the next letter of the alphabet?

A rocket flew Jenna to the

Moon.

A big alien stood in front of
Jenna with a long, spiralling

Nose.

He was bright

Orange.

Jenna was a bit scared of the alien and wanted to go somewhere safer.
